## Guest Speaker Dr. B. Leland Baker

Dr. B. Leland Baker is the author of "Tea Party Revival: The Conscience of a Conservative Reborn - The Tea Party Revolt Against Unconstrained Spending and Growth of the Federal Government." Dr. B's book, Tea Party Revival, arms its readers with the information they need to cut through the obfuscation of current events and constitutional principles by the main stream media and by the government itself. In his concise and engaging book, Dr. B shines a clear light on the false promises, fiscal mismanagement and enraging habits of the federal government; and, more importantly, he lays out the steps necessary to salvage the original ideals of our country's founding fathers.

Dr. B's book is not for the faint-hearted. It will infuriate socialists, progressives, and RINOs, while earning accolades from fiscal conservatives, who advocate the U.S. Constitution as a contract between the governed and governing. As the Tea Party movement continues to gain momentum, Tea Party Revival provides a level headed outline of how true constitutional compliance will lead to a smaller, more limited government, which will result in lower spending, lower taxes, and greater political and economic freedom for American citizens.

Dr. B entered the United States Army in 1974, and he was commissioned as an officer following graduation from the United States Military Academy at West Point in 1978. Dr. B served in Europe, Asia, and the Middle East for 26 years on active duty and is a board-selected Joint Specialty Officer and military strategist. Dr. B also served for over two years with the American Embassy in Kuwait. His military oath to support and defend the U.S. Constitution against all enemies foreign and domestic, and travels to over 30 countries contributed to his life-long study of the inter-relationships among individual freedom, government control, and economics.

In addition to his extensive experience, his Doctorate in Management makes him well-equipped to elucidate the cancerous growth of the federal government, the big government schemes that only fleece the taxpayer, and the so-called "expansion" of rights that in truth only leads to more layers of bureaucracy, higher costs, and lower efficiency. Dr. B is a Professor of Management and Homeland Security at a private university.

Dr. B is a dynamic speaker. His presentation is entitled "US Government Bankruptcy - Facts for citizens who don't have finance degrees."

# The Pres Says...

The featured speaker for the February meeting of the Oahu League of Republican Women, Thursday February 3rd, 11:30am at Hee Hing Restaurant on Kapahulu Ave. will be Dr. B. Leland Baker, author of "Tea Party Revival: The Conscience of a Conservative Reborn - The Tea Party Revolt Against Unconstrained Spending and Growth of the Federal Government."

Dr. Baker, Professor of Management and Homeland Security at Colorado Technical University, is a nationally known speaker at Tea Party rallies. He will give a power point presentation on: "US Government Bankruptcy - Facts for Citizens Who Don't Have Finance Degrees."

Dr. Baker's message of adherence to the Constitution, is viewed as radical to Big Government politicians, but is considered common sense to members of the Tea Party movement. He argues for the value and importance of constitutional principles--freedom, foremost among them--in contemporary political life. He explains how constitutional compliance leads to smaller, limited government, which results in lower spending, lower taxes and greater freedom for all Americans. He explains how over-spending has placed our children and grandchildren in fiscal bondage for the next century and answers "How did it come to this?"

Dr. Baker entered the United States Army in 1974, and was commissioned as an officer following graduation from the United States Military Academy at West Point in 1978. Dr. Baker's book, Tea Party Revival, 5 stars on Amazon, arms its readers with the information they need to cut through the obfuscation of current events and constitutional principles by the main stream media and by the government itself. In his concise and engaging book, Dr. Baker shines a clear light on the false promises, fiscal mismanagement and enraging habits of the federal government; and, more importantly, he lays out the steps necessary to salvage the original ideals of our country's founding fathers. It is written at a defining moment in history: the end of the United States' Superpower status due to America's experiments with Big Government growth, unconstrained spending, and disregard for the Constitution. As the Tea Party movement continues to gain momentum, Tea Party Revival provides a level headed outline of how true constitutional compliance will lead to a smaller, more limited government, which will result in lower spending, lower taxes, and greater political and economic freedom for American citizens.

Dr. Baker will have copies available for purchase.

## Kung Hee Fat Choy!

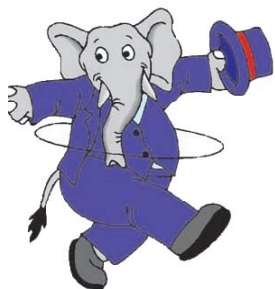

This year we will experience 4 unusual dates.... 1/1/11, 1/11/11,  
11/1/11, 11/11/11 ....

NOW go figure this out.... take the last 2 digits  
of the year you were born plus the age you will be this year and it WILL  
EQUAL TO 111.....

If it doesn't quite, you might not be using the age you will be this year.

Plan your PAC gifts for the  
**NEW YEAR**

If each OLRW member gave only \$5.00 per month our PAC fund would increase at a rate of \$1000 per month. We could make a real difference in the campaigns of deserving candidates with that kind of money.

This is only \$120 over a two year period. We helped more candidate than ever before during the last election, but we would loke to do more. If everyone makes it a goal to average \$5 per month we could give thousands of dollars to deserving candidates instead of only a couple hundred.
